## DETAILED ACTION

### Examiner's Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ph.D. Paul E. Rauch on 08/16/04. The Applicants have been amended as follows:

Claims 1 and 24 are amended.

Replace "depositing an oxide layer on the *semiconductor substrate*" in claims 1 and 24 by --- depositing an oxide layer on the anti-reflective layer---

### Reason for allowance

Claims 1-8, 10, 12-15, 24-30, 33-47 are allowed. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed limitations having a process for fabricating a semiconductor structure comprising depositing a nitride layer on a semiconductor substrate, depositing an anti-reflective layer on the substrate, depositing an oxide layer on the anti-reflective layer wherein the steps of depositing nitride layer, anti-reflective layer, and oxide layer using the same tool (claims 1-8, 10, 12-15, 24-30).

The reasons for allowance of claims 33-47 were included in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

### *Conclusion*
